Not only is Richard Rydstrom brilliant, but he actually really cares! He wants to do the right thing for all involved. He's very responsive; returns my calls and emails promptly. He keeps me informed on what's happening with my case every step of the way. My experience with him has been exceptional!

I am so grateful to have Richard Rydstrom representing me in my foreclosure case. Most recently he succeeded in keeping my case in the state courts and out of the federal courts. I am constantly reassured that he has my best interests at heart.

Richard came to my rescue when other attorneys were messing up on an emotional difficult case. He did the work that needed to be done and was with me all the way! He went above and beyond but was always straight with me about the case and never let me lose my sense of humor. The best!

Attorney Rydstrom was able to freeze the bank from selling our beloved home, and therefore successfully save it. We loved working with him, and would recommend him to anyone in order to save their house.

In May of 2010 after making several loan mod payments on time and asking the bank if they were putting my home up for auction again and they said no, 36 hours later, my home was sold back to the bank. In September the same year, I was locked out of my home and Jan. 2011 my home was sold to a new buyer. May of 2011, a good friend of mind had heard about Richard Rydstrom and that was the day my life changed. Richard is very honorable...

It had been almost a year since my home was foreclosed by my bank after being led to believe I was going to get my loan modification after making 10 payments on time, that Richard Rydstrom came into my life after being recommended to me by a good friend. It was not until I got on google and saw that Richard was on over 30 pages describing his work and experience as one of the top attorneys in the country. Richard is a very caring...

As many others, I lost my extremely well paying job and the value of my home fell way below the amount of the mortgage. I applied for the loan modification program, was told that I qualify and was sent a contract, which I signed and sent back to the mortgage company. After making several reduced payments the mortgage company informed me that "my investor" does not participate in the program but that I could apply for an...

Richard came into my life during a difficult time after I lost both my parents and was in the middle of litigation that was very difficult. He worked with me day and night taking a special interest in my case until it was finally resolved. HE had great knowledge He communicated with me about everything and he accepted my input on the case. Something most lawyers don't do. I would recommend him to anyone in need of a fine lawyer, He went above and beyond the call of duty.
